

AZ-10

Power Ventilation drawer

- 2U - 19"
- 230 VAC
- 3 fans Ø 12 cm
- Sound level < 60 dB
- Easy and quick insertion

The **AZ-10** is a ventilation drawer made of 3 fans and one flow detector.

Powerful and silent, it optimizes the technical rack cabinet cooling while respecting a maximum noise level of 60 dB.

Thanks to its easy installation and connection, it suits all public address and/or voice alarm sound applications.
