

CP-5030

Speakers Amplified loudspeaker

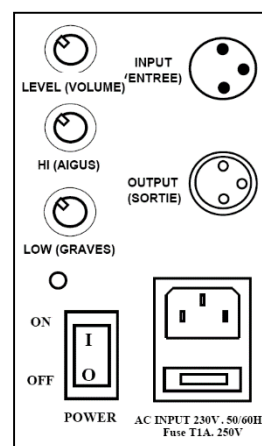

-  **Excellent musical reproduction**
-  **High intelligibility**
-  **Protection index IP 31**
-  **Easy and quick installation**

The **CP-5030** is a 2-way acoustical enclosure-type speaker with integrated amplifier.

The association of a tweeter with bass and treble separate adjustment enables to get an excellent music presence or to privilege speech intelligibility in announcements.

Its « U » bracket mounting enables rotating positioning. It guarantees an easy and quick wall mounting (*vertical or horizontal position*) as well as ceiling mounting (*'shower'*).
