5 CD rackable player

CD R/RW disc compatible

USB port for external devices

MP3 & WMA compatible

RS 232 & IR interfaces

The **GD-5605** is 5-CD charger player (CD-R/RW), offering USB connectivity compatible with Ipod direct plugging. It provides high quality sound playback from MP3 or WMA music files. The digital signal is generated without degradation or jitter, converted to analog by a performance DAC, and transmitted to the output via high quality audio circuitry . The LCD screen shows the different text informations from the broadcasted file, and the IR remote control facilitates its use. Thanks to the rack mounting brackets, it's suitable for any music broadcasting situation.

General specifications

Audio format		MP3 – WMA – CD
Interfaces	5 –CD charger	USB – Ipod compatible
Frequency response	± 5dB	20Hz-20kHz
Signal to noise ratio		≥ 105dB
