

-  **High intelligibility**
-  **Superior acoustical quality**
-  **Integrated volume adjustment**
-  **Easy and quick installation**

The **RB-2051** is an enclosure-type speaker, 2 bass-reflex ways, with 10cm loudspeaker fitted with a boomer and a tweeter. Its fixing system facilitates its orientation and ensures a simple and quick installation.

Thanks to a adjusting knob on its front, power selection is made easy. Quality of this enclosure gives excellent acoustical performance, which enables to make high quality installations in places demanding particularly comfortable listening.
