

Made in
France

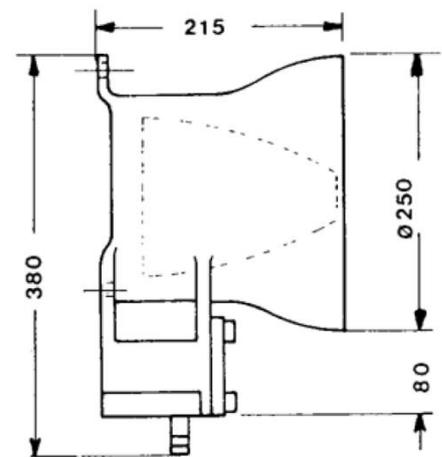

-  **Noisy areas**
-  **Protection index IP 66**
-  **Direct field scope 150m**
-  **Harsh environment**

The **RP-39** is a horn-type sound broadcaster.

This high performance loudspeaker ensures perfect speech reproduction and excellent sound distribution.

Made out of one single piece of cast aluminium, it is impervious to water splashes and resistant to shocks and blasts. It is highly recommended for harsh environment applications, among which marine atmospheres.
