

# RX-B12-N/B

## Speakers

Wall mounting enclosure

-  **Hijg acoustical quality**
-  **Contemporary design**
-  **Power adjustment on rear panel**
-  **Easy and quick installation**

The **RX-B12** is a two bass-reflex channel enclosure-type speaker with a 20cm-loudspeaker and a 3cm tweeter . Its clean line and microperforated grid draw a contemporary design most appreciated by architects.

Its fork fixing device guarantees an easy and quick wall mounting (vertical or horizontal).

Quality of this enclosure gives excellent acoustical performance, which enables to make high quality installations in places demanding particularly comfortable listening.
