

ZY-RCA-WIFI

Sources

Wifi audio streamer

Key points

- Convert your Hifi devices to wireless
- Manage your music directly from your Smartphone / tablet
- Use your favorite streaming services: Spotify, Qobuz...*

More details

Thanks to this Wifi audio streamer, no more issues with cables and distance to send music to your Hifi devices. With its Smartphone / tablet app (compatible Android and iOS), easily connect to your Wifi network and broadcast your music freely. You can use from the app your favorite streaming services: Spotify, Tidal, Qobuz...* and access to a large selection of web radio. You can also send your music from your PC (through Windows Media Player). This product is for example compatible with our mixer amplifiers SA-3126-150/250 and AS-4156/4256.
