**Excellent sound coverage**  
Almost 180° broadcast angle

**Easy to install**

### More information

This loudspeaker is ideal for flush mounting in ceilings or walls (Ø 9,5cm cutout size / 7,8cm depth). It is very compact and about the size of halogen spotlight while keeping a very good sound coverage. Thanks to its frameless grille, its integration is very discrete. In terms of installation, its fixation is easy with its 2 metallic legs. Power selection is possible between 6W and 3W. It is ideal for false ceiling mounting.
