Console with integrated loudspeaker  
Easy to use

Anti-feedback filters  
Optimal quality

Client's loudspeakers  
To mount on different  
surfaces

Ideal counters & ticket offices  
Standalone kit

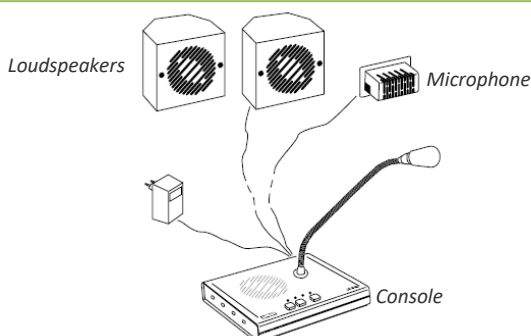

### More details

IG-1800 is ideal for closed counters or ticket offices. It makes communication easy between people standing on both sides of a glass or plexiglass wall and allows them to exchange safely.

This standalone kit also integrates anti-larsen filters for an optimal quality.

It is made of a console with microphone and loudspeaker on receptionist's side and a microphone sensor and two loudspeakers on client's side.
