17cm coaxial speaker

More details

This pendant loudspeaker (Ø 27 cm / cable 1m50) certified EN54-24 guarantees a good reproduction of your evacuation messages and also of your background music. It is particularly suitable for areas with high ceilings (4m or more). Its ABS body, combined with the fibreglass of the loudspeaker, gives it an excellent resistance to humidity. Its accessible power selector makes it easy to change the power once the product is installed.
