### More details

This sound projector (Ø 175 x 26,7 cm) certified EN54-24 guarantees a high quality of comfort diffusion while ensuring sound safety. Its ABS body, combined with stainless steel screws and aluminium fork, is suitable for harsh environments and guarantees a durable installation. The integrated selector switch at the rear allows for easy power changes once the product is installed.

The rear panel is equipped with a junction box with two cable glands (Input-Output) that facilitates the installation of the RB-2035-EN54.
